Treehouse Editing Form Instructions

To create your treehouse complete:

Part A. About this Page
Part B. Treehouse Page Content
Part C. Learning Information

New builders, we suggest that you visit the Treehouse Builders Guide or click on the light bulbs for more information and help with the building process.

Save Your Work!
Click Save and Preview at the bottom of this page to save your work. Your connection to the ToL database will time out in about one hour of inactivity, so make sure to save your work if you plan to step away from the computer for a while.

Copy Data From Another Treehouse 💡

Select Treehouse
Use this option if you have another treehouse with information that you would like to re-use on this page. Please note that copying the data from another treehouse will overwrite anything you may already have entered in the form below, so be careful with this option!

Organism Names

In the space below write the scientific names of the organism(s) that your treehouse
page is about. Separate individual names with a comma. You may also include
common names, but scientific names are generally more precise in identifying a
particular group of organisms.

Attached to Group(s) of Organisms

Choose the organism(s) that your treehouse page is about. Your treehouse page will
be linked to the ToL branch or leaf pages for these groups.
