### Save Your Data!

In order to save the data entered in this form to the ToL database, you need to click on the **Submit Image Data** button. You will then be given an overview of the data you entered, and you can save those data or return to this form if you discover any errors or omissions.

Don't close this window without saving your data first. Also, your connection to the ToL database will time out in about an hour of inactivity. If it takes you longer to finish your contribution, you should save an incomplete version along the way to keep your connection active.
